Two and half days featuring a full day of presentations with separate tracks for Lean and Kanban, plus a full day of open space and a half day of lightning talks. You will learn the latest thinking in applying Lean techniques like kanban to shorten cycle time and deliver more value from your software projects. Mix with the experts and practitioners using these ideas every day in organizations around the world.

Come and enjoy the beautiful South Beach venue. Enjoy the Florida sun in Spring. Mix with your peers, extend your network and enjoy deep discussions during frequent breaks, open space and at our cocktail reception May 6th sponsored by Ultimate Software. Be part of our community. Be part of the next wave of software management and leadership.

Other speakers include

Amit Rathore

Clinton Keith

Corey Ladas

Karl Scotland

Peter Middleton

James Sutton

David Laribee

plus many industry case studies...
